

You are cordially invited to Wheat Tech's annual field day on Thursday , May 22nd from 9 am to noon. Lunch will be provided.

The location will be at the Lanier Farm, just east of Adairville, Kentucky. This farm has been the site of the field day in 2004-06. At the only 4 way stop in Adairville, head east on KY HWY 591. About three miles out there will be field day signs posted. The gravel entrance will be on the south side of 591.

Please call 270-586-1776 if you need further directions.

We will be showcasing a no till and conventional variety trial with entries from: Ag Alumni, AgriPro Coker, Armor, Beck's, Biotown, Croplan, Delta King, Kentucky American Seeds, Ohio Seed Improvement, Pioneer, Progeny, Southern States, UniSouth Genetics, University of Kentucky and Virginia Tech.

We will also be discussing numerous management aspects of winter wheat production including seed treatments (insecticide and fungicide), broadleaf and ryegrass control, aphid control, many different fungicide timings and several other topics are pending final approval.

Management trials will represent viable grower options from BASF, Bayer Crop Science, Dow AgroSciences, DuPont, Gowan, and Syngenta.

Thank you and we hope that you can attend.
